About the training

"Enact" is an innovative 8-day Erasmus+ training course designed to develop the competences of youth workers, trainers and youth leaders to engage and empower young people in their lives, work and communities.

Using the tools of Nature, Authentic Communication and Theatre we will learn together how to empower the young people we work with by developing their skills in enhanced communication, conflict resolution techniques, entrepreneurial thinking and active participation.

The programme involves theoretical inputs and practical workshops, discussions, group processes and individual work. Part of the programme will take place outdoors in nature.

Participating Countries

The course will involve 24 participants from the UK (hosting), Czech Republic, Hungary, Portugal, Turkey, Ireland, Italy and Germany. The language of the training course will be in **English**.

Training Objectives:

- To identify effective and creative methods to engage young people to be active in their lives and communities
- To explore and understand how theatre & outdoor based methods can be used as tools for youth empowerment
- To introduce effective communication techniques in order to create positive dialogue and authentic communication
- To develop competences to implement tools, non-formal and informal educational methods of conflict resolution
- To provide space for participants for discussion and sharing best practices and to develop their training skills and competences
- To improve knowledge about Erasmus+ Youth Programme as a tool for improving the quality and enhancing the international dimension of youth work through capacity building activities
