The Summary of the Project

There are two main objectives that we want to achieve with this training course. First of all with the activities we are planning to start a process of improving our participants' managerial skills. For that purpose, we will organize activities such as project cycle management, context analysis, needs/problem analysis, assessment of potential solutions, project design etc. Secondly, we shall focus on community development which we shall relate to project management. For responding to the community needs how we can analyze the market, needs, sources etc. With all these, we believe all the participants will get the opportunity to face their local needs and find out global challenges; so they will find out how to contribute to sustainable growth and development in their local communities.

Specific Objectives

- To provide youth workers with knowledge, skills and practical tools related to the project management and community development that are required to turn their ideas into social businesses at both local and international level.
- To involve youth workers in the strategic planning of services and projects that are responsive to identified community needs.
- To develop a cross-cultural understanding of different youth work experiences in both European and Western Balkan countries.

Erasmus+

- To facilitate opportunities for networking and partnerships between youth workers and organizations in EU and Western Balkan countries.

This TC will provide non-formal and creative learning methods that will focus on knowledge, key competences and learning tools which are needed for the purpose.

How To Reach Ankara, Turkey

1) Arrival To Istanbul

If you book your ticket for Istanbul Atatürk Airport;

Atatürk Airport has its own Metro station beneath the terminals.

You should have a minimum 6 TL in coins to buy Metro tokens (jeton) from a Jetonmatik machine at the Havalimanı (Airport) Metro station. Small TL notes (bills: TL5, TL10) may work, but often the machines will not accept them. Unfortunately, there is no way to get coins at the Metro station, and once you're at the station, you would have to go through the security check again to re-enter the airport terminals to find coins.

Pass through the turnstile, descend the escalator (or elevator) and board a Metro train for direction to **Yenikapı**. The Havalimanı (Airport) Station is the end of this Metro line, so you can board any train—they all go towards Yenikapı. You can't get the wrong train.☺ Stay on the Metro to the **Otogar station**, the 10th stop. Take the escalator up and you'll be at the heart of Istanbul's **Büyük Otogar** (Main Intercity Bus Terminal).

If you book your ticket for Istanbul SabihaGökçen Airport;

- You can book another flight from Sabiha Gökçen to Ankara Esenboga Airport by Pegasus. The price of flight tickets are mostly same as bus tickets.
- Note: SabihaGökçen Airport is quite far from the center of Istanbul. We do not recommend you to book your tickets to this destination. *In case, you don't have any other option, please contact with the project coordinator.*

2) Arrival To Ankara

If your flight is directly to Ankara Esenboga Airport;

YOUth can do it!

Erasmus+

- If you book direct ticket to Ankara, you need to take the shuttle to the city center. You will use Havaş Shuttle which costs 10 TL for each person/one way.
- If a big number of participants use Ankara Airport, coordinators will arrange private bus. *That's why please inform us as soon as you book your tickets.*

Accommodation and Food

Accommodation and food will be covered at 100%. Participants will be hosted in triple bed rooms with private bathroom, fridge, air conditioning, TV, free access to internet. Participants will be assigned to their rooms on arrival.
